BUDGET UPDATE – Dennis Meyer, Budget and Fiscal Officer

Meyer reviewed the budget document (see agenda packet).

When asked about Keno revenue changes due to the pandemic, Meyer noted the revenue is better than anticipated. Keno funds are not budgeted to be spent until the revenue is received.

Yoakum returned to the meeting at 10:22 a.m.

Regarding the Sheriff body cameras, Meyer noted the Sinking Fund will be used for the body camera equipment and that it will be around January before the program is implemented.

Meyer felt the FEMA reimbursement should offset the overall budget variance.

Meyer said the activity in the County Fleet Vehicle fund has slowed down due to the pandemic, which pays for maintenance and upkeep of the vehicles. There is nothing budgeted for new vehicles for this year.

The \$.15 allocations will be discussed later in August.

Schorr noted this budget does not include a property tax levy increase and the updates to the County Engineer's budget will present a challenge for that department.

Both Sean Kelley and Tim Gay were notified of the dates and we will be following-up in the coming months for invitations to go out from their respective clients. We have confirmed our reservation of the NACO conference room for this date, however Mr. Cannon of NACO did note that this would only be if it were deemed safe for individuals to gather pending any ongoing cases of COVID-19. We will monitor this closely, and be in contact with Mr. Cannon as we move towards the breakfast on January 11th.

Additionally we have been working with Mr. Derbin to establish the date for the annual Lancaster County 101 event. Following work we have established the following two options:

- November 16, 2020

Once one of the above dates is selected, we will book the location, as well as contact current members of the county's legislative delegation and ask for a hold on their calendars for that date.

LANCASTER COUNTY PRIORITIES

LB247 (Bolz) Adopt the Advance Mental Health Care Directives Act. Adopt the Advance Mental Health Care Directives Act under LB247. Introduced by Senator Bolz during the 2019 session, the bill was advanced by the Judiciary Committee with an amendment, AM2206, that addressed concerns raised by parties at the hearing and after the hearing.

LB247 was designated as a Speaker priority bill on February 25, 2020. On Wednesday, March 4, 2020, the Legislature debated the bill and with the exception of a couple of questions from Senators Dorn and Clements, the bill moved easily to Select File. We worked on a vote count and detected no issues in the two days leading up to debate. A procedural amendment has been filed on LB247 that will be taken up when the bill is debated again on Select File.

NEW: On July 20, 2020, LB247 was advanced to Enrollment and Review Final for Engrossment. The bill will be read on Final Reading in the coming days.

[NO NEW ACTION] LB267 (Bolz) Provide a duty for the county board relating to deficient bridges and authorize a tax levy. This would allow for financing of County Bridges under Neb. Rev. Stat. 23-120(3)(b). Introduced during the 2019 session by Senator Bolz, the bill was advanced to General File unanimously from the Government, Military and Veterans Affairs Committee.

The bill was debated for approximately 2.5 hours on Monday and was the subject of a filibuster by Senators who oppose any increase in the property tax. It is important to note that this is the first bill that has hit the floor that deals with giving authority to a local political subdivision to utilize property tax increase for a specific purpose. Before the Legislature adjourned on Monday, Senator Andrew LaGrone filed an amendment that is the sum and substance of LB20 that would replace the bonding provisions of the bill. The amendment and bill remain pending. The bill was debated again for 30 minutes on Monday, February 10, 2020 from 1130am – 12pm.

[NO NEW ACTION] LB335 (M. Hansen) Authorize a 24/7 sobriety program permit for operating a motor vehicle as a condition of bail. Statutory Changes to Implement Statewide 24/7 Sobriety Program. Introduced by Senator Matt Hansen during the 2019 session, LB335 currently sits in the Judiciary Committee. The interim brought conversations with opposition, which brought fruitful developments towards producing an amendment. The bill will not go anywhere this year; it will need to be worked on during the interim.

[NO NEW ACTION] Amend the Mental Health Commitment Act to allow Sharing of Mental Health Information Among Providers and Law Enforcement Agencies. After numerous meetings with stakeholders over the interim, produced by LR183 introduced by Senator Geist, the initial draft and subsequent revisions were received back from the revisers' office and forwarded to interested parties for review. During her discussions with the State Patrol, it became clear to Senator Geist that the Patrol would be placing a fiscal note on the bill and also be appearing in an opposition position. Too, the Patrol believed it necessary to obtain an Attorney General's opinion on the bill regarding the release of records. As such, Senator Geist has indicated that she would like to hold off on introduction of the bill this session as she believed that the workload of the Judiciary Committee would not provide the necessary bandwidth to get the bill passed this session.

APPROPRIATIONS COMMITTEE ACTION ON BIENNIAL BUDGET ADJUSTMENTS

[NO NEW ACTION] The Appropriations Committee unanimously voted to forward a two-year state budget worth \$9.4 billion. The budget is composed of LB1008 and LB1009. Senator Erdman stated that he was pleased by how much the committee decreased spending requests. As of last year, state spending increased by 2.9%. This budget would be 3%. \$133.8 million will be available for spending bills through the remainder of the session.

Per our weekly legislative update the budget “includes significant increases totaling \$127 million: \$46 million for the governor's emergency program for 2019 flood damage and \$9.2 million to help counties with their share of flood spending; \$8 million for pay increases for Corrections security staff; \$5.6 million for Lincoln Regional Center construction needs; nearly \$8 million for certain Medicaid provider rate increases; \$1.8 million in Capitol dome repair; \$1.1 million for mental health and young adults problem-solving courts. The budget also includes \$71 million worth of reductions which include: child welfare savings of \$33 million for the Omaha-area Saint Francis Ministries contract; a \$20.6 million reduction for state aid to schools; and \$17.2 million in various Department of Health and Human Services savings. The rainy day fund would increase from \$333.5 million in fiscal year 2018-19 to \$731.1 million in 2020-21.”

It is worth special note that the bill contains language appropriating \$637,788 General Funds to provide for a pilot program for problem solving courts for mental health, and \$457,887 General Funds for problem-solving courts for young adults. Additionally, for the program, \$20,000 of General Funds shall be used for evaluation of the problem-solving courts for mental health

In the area of Behavioral Health, the bill contains language to allow limited transfers for Regions from Medicaid if certain conditions are met, including the following: (1) Medicaid expansion does not come online as we expect and have budgeted for on October 1, 2020; (2) payment delays to providers beyond the control of the behavioral health regions would result in hardships to the providers and (3) that the projections made by the Division of Behavioral Health are off and there are less Medicaid eligible individuals utilizing the Medicaid eligible serves. The language authorizing the potential transfer is located on page 28-29 of the proposed amendment. Also in the area of Behavioral Health, there is a rate increase for specific kinds of services. The total appropriated are located at the same pages is funded at \$3.8 Million.

Public Health Departments across the state of Nebraska will able to split \$1.5 Million in additional dollars. The language authorizing this is located on pages 7-8 of the committee amendment.

Finally, the committee has committed dollars to the restoration of competency to the tune of \$211,074, the language of which is located on page 5 of the proposed amendment.

I would note that the Nebraska Economic Forecasting Board will be meeting over the noon hour today to

BILLS IDENTIFIED BY DEPARTMENT HEADS & ELECTED OFFICIALS

Kerry Eagan: LB1148 (Vargas) Change provisions relating to the Office of Juvenile Services and the placement of juveniles at youth rehabilitation and treatment centers. The bill appears to be a response to the issues raised following action by the Department in the fall to house individuals at the Lancaster County Youth detention facility. It includes provisions that would prohibit the use of the secure detention facility by the state on page 18 at lines 5 – 8. The hearing on this bill occurred on Thursday, February 6, 2020. Those who appeared in support included Juliet Summers from Voices for Children, Christine Henningsen from Nebraska Youth Advocates, and Bri McClarty from the Dodge County Attorney’s Office. Those in opposition included Danette Smith, the CEO of the Nebraska Department of Health and Human Services. The letter was sent regarding our concerns, but it was not noted for the record as it was received the morning of the hearing.

Senator Hilkemann designated LB1148 as his priority on February 21, 2020. On February 27, 2020, LB1148 was placed on General File with AM2637, introduced by the Judiciary Committee. On March 3, 2020, Senator Lathrop filed AM2666. On page 33, lines 24-28 of AM2637 contains language that states that a secure detention facility shall not be utilized as a youth rehabilitation and treatment center.

AM2637 (Judiciary), AM2810 (Lathrop), AM2666 (Lathrop) were all adopted. AM2810 struck the language noted in above in AM2637 which we believed could have an adverse affect on the use of the secure detention facility could not be utilized as a YRTC.

NEW: AM3075 (Vargas) was adopted on July 20, 2020. That same day, the bill advanced to Enrollment and Review for Engrossment. On July 22, 2020, the bill was advanced to Final Reading.

Brad Johnson: LB1171 (Cavanaugh) Change provisions under the Healthy Pregnancies for Incarcerated Women Act The bill expresses the strong intent for the Legislature to keep mothers and infants together in correctional settings. The bill would require the construction of a nursery. Requires for allowing a mother to lactate and express and provide that milk to their infant. Brad prepared a fiscal note for the bill that indicated costs for the construction of a new wing of our current facility would cost in excess of \$10 Million. Commissioner Flowerday has discussed the cost with Senator Cavanaugh while at the capitol on Monday. The hearing on this bill occurred on February 12, 2020.

During testimony, Senator Cavanaugh offered AM2405 which would limit the provisions of the bill to only the expression of milk as applicable to counties and the provisions dealing with the construction of a nursery to only state facilities. We do have a concern that it may be applicable to YRTC Lincoln; however, we believe there may be another amendment that may address this as well. Those who appeared on the bill included Juliet Summers from Voices for Children, Jasmine Harris with Rise – all in support. In opposition, Scott Frakes with the Department of Correctional Services, Steven Greene with Division of Children and Family Services and Elaine Menzel in a neutral capacity.

NEW: MO165 (Cavanaugh) was filed on Tuesday to attempt to place LB1171 on General File.

[NO NEW ACTION] Brad Johnson: LB230 (Pansing-Brooks) Provide for room confinement of juveniles as prescribed. NEUTRAL. Under LB230, additional rules are mandated to juvenile facilities regarding placement in room confinement of a juvenile in a juvenile facility specifically, room confinement of a juvenile for longer than one hour during a twenty-four-hour period shall be documented and approved in writing by a supervisor in the juvenile facility. It is the intent and purpose of this rule shall not be avoided by the use of consecutive periods of room confinement. New rules relating to confinement are outlined in the bill also, for example, notice to the juvenile's parent or guardian, rooms having adequate lighting, amongst others.

When a similar measure was introduced in 2017, Commissioners Brinkman and Schorr met with Senator Pansing-Brooks to discuss the bill. The Board did request that we meet with Senator Pansing-Brooks to discuss a requirement in the bill requiring continuous monitoring. She indicated that she is willing to clarify the record on the continuous monitoring language of the bill to mean electronic or every 15 minutes.

The Judiciary Committee advanced LB230 with a committee amendment attached (AM450). The bill was not prioritized during the 2019 Session. The bill was debated on General File and AM2121 was adopted on Select File. The bill was subsequently moved to Final Reading. The bill passed on Final Reading on February 6, 2020. LB230 was approved by Governor Ricketts on February 12, 2020.

[NO NEW ACTION] Joe Nigro: LB1007 (Hansen, M.) Change provisions relating to competency to stand trial and be sentenced. The bill makes significant changes to the competency provisions and individuals charged with crimes. In some cases, it would require dismissal by the court and order to competency restoration. In other cases, it would require a competency restoration. The hearing occurred on Friday, January 31, 2020 and testimony was offered in support by Joe Nigro and opposition testimony was offered by Katie Zulkoski on behalf of the County Attorneys Association.

[NO NEW ACTION] Joe Nigro: LB1017 (Geist) Appropriate funds to the Supreme Court. SUPPORT. Appropriates \$617,788 in FY2020-21, \$767,788 in FY2021-22 and 767,788 in FY2022-23 to the Supreme Court to provide for a pilot program for a mental health, problem solving court. Hearing occurred on Wednesday, February 05, 2020 and support testimony was offered by Danielle Conrad on behalf of the ACLU, Corey Steele on behalf of the Supreme Court, Sean Flowerday on behalf of Lancaster County and Liz Neeley on behalf of the Nebraska State Bar Association. If the Appropriations Committee takes action on the bill, they would likely include it in their budget. LB1017 was heard by the Appropriations Committee on February 5, 2020.

We are pleased to report that the Appropriations Committee included the provisions of this bill in its full amount in the budget recommendations. It will be something that will have to be monitored following the meeting of the Nebraska Economic Forecasting Board later today.

[NO NEW ACTION] Sara Hoyle: LB1095 (McDonnell) Authorize counties containing a city of the metropolitan class to establish juvenile justice programs and services. The bill would give a general, specific power to counties containing a city of the metropolitan class (Douglas) the ability to establish specific juvenile justice programs and simultaneously give them ordinance authority to do the same. Douglas County brought this concept up at tri-county. The hearing occurred on Thursday, February 6, 2020.

[NO NEW ACTION] Kerry Eagan: LB941 (Hunt) Create the Nebraska Youth in Care Bill of Rights. Creates the Nebraska Youth in Care Bill of Rights; It is the policy of the Legislature to ensure that the quality of care provided to children placed in foster family homes, juvenile facilities, or child-care institutions is as close as possible to the care a child would receive in a family setting.

This is accomplished by honest and clear communication and information to help them understand the system or systems in which they are involved, to provide consistent opportunities for such children to have their voices heard in their cases, to successfully reunify children with their families or help such children find permanency, to support lifelong family connections for such children, to place such children in an environment accepting of their cultures and beliefs, and to provide such children with the skills, knowledge, and resources they need to become successful adults. The hearing occurred on Thursday, January 30, 2020. A significant amount of testimony was offered on behalf of several organizations. Opposition testimony was offered by NACO.

[NO NEW ACTION] Kerry Eagan: LB1117 (Pansing-Brooks) Change sentencing provisions for crimes committed by a person under twenty-one years of age and change provisions relating to jurisdiction over juveniles. The bill makes a series of changes to the provisions at the age of individuals could be for purposes conviction and the minimum and maximum sentences. The bill, most significantly for Lancaster County, would allow for county court and juvenile court to take jurisdiction of cases where the age of the person at the time of the commission of the crime was 16 or 17 years of age.

The bill was heard by the Judiciary Committee on February 13, 2020. Juliet Summers, representing Voices of Hope Nebraska, testified in support of the bill. Summers argued that the bill would allow youth to receive age-appropriate, evidence-based treatment. Jim Maguire, president of the Nebraska Fraternal Order of Police, countered this point in his opposing testimony. Maguire stated that severe crimes require severe punishments and that he was unconvinced that individuals of 18, 19, or 20 years of age don't know that they cannot kill someone.

[NO NEW ACTION] LB1057 (Lowe) Change provisions regarding appeals of certain zoning decisions by county planning commissions and county boards. SUPPORT. The bill is introduced by Senator Lowe at the request of NACO but originated from Lancaster County. [NO NEW ACTION] LB1105 (Hansen, B) Change audit provisions under the Medical Assistance Act. Makes it the intent of the legislature to establish and maintain

integrity procedures and guidelines for the medical assistance program that meet minimum federal requirements and that coordinate with federal program integrity efforts in order to provide a system that encourages efficient and effective provision of services by Nebraska providers for the medical assistance program.

Allows for one or more program integrity contractors to be used to promote the integrity of the medical assistance program, assist with investigations and recovery audits, or to investigate the occurrence of fraud, waste, or abuse. Requires that a program integrity contractor retained by the department or the federal Centers for Medicare and Medicaid Services work with the department at the start of a recovery audit to review this section and section 68-973 and any other relevant state policies, procedures, regulations, and guidelines regarding program integrity audits.

The program integrity contractor is to comply with audit procedures. A copy of the statutes, policies, and procedures shall be specifically maintained in the audit records to support the audit findings. Defines program integrity audit as an audit conducted by the federal Centers for Medicare and Medicaid Services, the department, or the federal Centers for Medicare and Medicaid Services with the coordination and cooperation of the department.

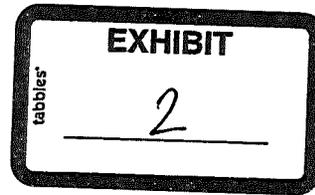

Defines program integrity contractor as private entities with which the department or the federal Centers for Medicare and Medicaid Services contracts to carry out integrity responsibilities under the medical assistance program, including, but not limited to, recovery audits, integrity audits, and unified program integrity audits, in order to identify underpayments and overpayments, and recoup overpayments.

The bill was heard by the Health and Human Services Committee on February 19, 2020. Testifying in support of the bill was District 5 Commissioner, Rick Vest. Commissioner Vest stated that without the bill, needless pain will continue. Vest also argued that providers need to be treated fairly. Also supporting the bill were Marty Killeen (a pediatric dentist), Ben Reimer (a dental resident), Jessica Meeske (a pediatric dentist) and Wendy Meginnis. Opposing the bill was Jeremy Brunssen, Interim Director for the Division of Medicaid and Long-term Care. Brunssen stated that the bill is not protecting all parties.

The amended provisions of LB1105 will be amended into LB956 via AM2827. LB956 is Senator Walz's priority bill.

This concludes our report for this week.

Currently, the only people who can request a set aside are those offenders who were sentenced to probation or ordered to pay a fine. A set aside is a limited remedy, and it results in a restoration of some privileges or rights which were lost as a result of the criminal conviction. LB 213 would extend the rehabilitative remedy and allow for an offender who was sentenced to a year of imprisonment or less after the offender completes his or her sentence. The factors that a judge considers under current law in determining whether to issue a set aside order remain the same. The extension of the set aside remedy proposed in this bill would not apply to a person convicted of a traffic offense resulting in jail time or of any offense which would require the offender to register pursuant to the sex offender registration act.</i>

If the law enforcement officer is satisfied that probable cause no longer exists to believe such person committed a crime based upon an ongoing investigation or if the prosecuting attorney gives notice that no charges will be filed at the time such person is in custody, the law enforcement officer may release such person from custody.</i> <i>Upon the date of notification to the health care provider that the person is being released from custody because the ongoing investigation indicates that probable cause no longer exists or because of a decision by the prosecuting attorney that no charges will be filed, the law enforcement agency shall no longer be responsible for the cost of such person's medical services.</i>

LB710	Cavanaugh	Support	Revenue 02/28/2019	In Committee 01/25/2019	Change provisions relating to tobacco including sales, crimes, a tax increase, and distribution of funds <i>LB710 eliminates many, if not all, distinctions between "tobacco products". Also, the Nebraska Behavioral Health Services Act would get an additional section which reads: [t]he Behavioral Health Provider Rate Stabilization Fund is created. The fund shall consist of money credited to the fund pursuant to section 77-2602, any gifts, grants, or donations from any source, and any other funds appropriated by the Legislature. The fund shall be used to support reimbursement of behavioral health services providers through provider rates within, but not limited to, the Children's Health Insurance Program, the Medical Assistance Act, the Nebraska Behavioral Health Services Act, and the Nebraska Community Aging Services Act. The money credited to the fund pursuant to section 77-2602 shall be used to the greatest extent possible to leverage federal funds for behavioral health services provider rate reimbursement under such program and acts. The Legislature finds that, in order to provide Nebraska residents with appropriate access to behavioral health services and providers, provider rates need to be adequate and stable in order to attract and maintain the number and variety of behavioral health services providers necessary to maintain an adequate behavioral health services provider network. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act. Beginning July 1, 2020, and every fiscal year thereafter, the State Treasurer shall place the equivalent of \$47,400,000 (amended up from one million two hundred fifty thousand dollars) of such tax in the Nebraska Health Care Cash Fund. LB866	Wayne	Monitor	Urban Affairs 02/04/2020	General File 03/12/2020 Urban Affairs Priority Bill	Adopt the Density Bonus and Inclusionary Housing Act
-------	-------	---------	-----------------------------	--	--

Adopts the Density Bonus and Inclusionary Housing Act. Legislature finds and declares that:

Residential density is beneficial in making better and more cost-effective use of municipal resources and services;

There is a need for affordable housing in the state.

Affordable housing contributes to economic growth by providing housing options for workers of all levels; and

Combining residential density increases and concessions or incentives with inclusionary housing encourages the efficient and effective use of land resulting in the greatest contribution to economic growth, property tax relief, and the provision of safe, decent, and affordable housing in this state.

Density bonus or other concessions or incentives offered by a city contribute significantly to the economic feasibility of lower income housing in proposed housing developments. Defines concession or incentive as:

A reduction in site development standards, a modification of zoning code requirements, or a modification of architectural design requirements that exceed the minimum building standards approved by the city;

Approval of mixed-use zoning in conjunction with the housing project if commercial, office, industrial, or other land uses will reduce the cost of the housing development and if the commercial, office, industrial, or other land uses are generally compatible with the housing project and the existing or planned development in the area where the proposed housing project will be located;

Other regulatory incentives or concessions proposed by the developer or the city that result in identifiable and actual cost reductions to provide affordable housing costs or rents for the income levels targeted.

Defines density bonus as:

A density increase over the otherwise maximum allowable residential density as of the date of application by the applicant to the city or, if elected by the applicant, a lesser percentage of density increase, including, but not limited to, no increase in density.

Requires that a city council comply with the Density Bonus and Inclusionary Housing Act when an applicant seeks a density bonus for a housing development within the jurisdiction of a city in an area that has been declared a substandard and blighted area.

After receiving an application, issuing notice and holding a public hearing on such application, and finding that such application meets the requirements of the Density Bonus and Inclusionary Housing Act, a city shall grant one density bonus.

If requested by the applicant and consistent with the act, such city shall grant concessions or incentives, waivers or reductions of development standards, and parking ratios when an applicant for a housing development seeks and agrees to construct, rehabilitate, or convert such housing development, that will contain at least

10% of the total units in a housing development comprising low-income units; or

5% of the total units in a housing development comprising very low-income units.

An applicant for a density bonus pursuant to the Density Bonus and Inclusionary Housing Act may submit to the city a proposal for the specific concessions or incentives that the applicant requests pursuant to the act.

The applicant shall receive the following number of concessions or incentives:

One concession or incentive if at least ten percent of the total units in the project are low-income units, or at least five percent of the total units in the project are very low-income units;

Two concessions or incentives if at least twenty percent of the total units in the project are low-income units, or at least ten percent of the total units in the project are very low-income units; and

Three concessions or incentives if at least thirty percent of the total units in the project are low-income units, or at least fifteen percent of the total units in the project are very low-income units. An applicant shall not receive more than one density bonus unless an applicant proposes to construct, rehabilitate, or convert a housing development that conforms to the requirements of the Density Bonus and Inclusionary Housing Act which includes a new child care facility or commercial development that will be located on the project premises, as part of the project, or adjacent to the project.

The child care facility shall remain in operation for a period of time that is as long as or longer than the period of time during which the density bonus units are required to remain affordable.

The children of very low-income households or low-income households shall equal a percentage that is equal to or greater than the percentage of dwelling units that are required for very low-income households or low-income households pursuant to the Density Bonus and Inclusionary Housing Act.

LB1218	Wayne	Monitor	Government, Military and Veterans Affairs 02/13/2020	In Committee 01/27/2020 Wayne Priority Bill	Adopt the Nebraska Historically Underutilized Business Program Act
--------	-------	---------	---	--	--

LB 1218 is the Nebraska Historically Underutilized Business Program Act. The purpose of the act is to promote full and equal business opportunities for all businesses in an effort to remedy disparity in state and local procurement and contracting.

Section 3 defines terms for the act.

Section 4 allows for businesses to become certified as an historically underutilized business (HUB) and retain that certification for five years, as long as the business' certification status does not change. The Department of Labor and Department of Transportation may conduct any necessary investigation to determine qualifications for the program. A business must complete an annual affidavit of certification and may recertify up to three times, for a maximum of fifteen years. The Department of Labor shall maintain a list of all businesses that have been certified and the nature of the business along with its capacity to perform the work.

Section 5 requires each constitutional office, state agency, and political subdivision to make a good faith effort to utilize HUBs in contracts for construction, services, and commodities purchases. The statewide HUB goals for the procurement categories are as follows:

? 10% for heavy construction other than building contracts; ? 20% for all building construction, including general contractors and operative builders contracts; ? 20% for all special trade construction contracts; ? 10% for professional services contracts ? 10% for all other services contracts; and ? 10% for commodities contracts.

Government entities shall establish their own specific HUB goals for each procurement category. At a minimum, the statewide HUB goals should be each government entity's starting point for establishing specific goals.

Section 6 sets forth priorities that, if there is an adequate number of qualified and certified HUBs, first priority shall be given to Tier 1 HUBs; and then Tier II HUBs, followed by Tier III HUBs. Any business receiving a sales and use tax incentive from this state shall receive an additional 1% of such sales and use tax incentive for utilizing a Tier I HUB. 0.5% for utilizing a Tier II or Tier III HUB. Total incentives awarded shall not exceed five million dollars for all businesses. Each government entity that considers entering into a contract with an expected value of one hundred thousand dollars or more over the life of the contract shall determine whether subcontracting opportunities are probable. If so, the government entity shall require that each bid, proposal, offer, or other applicable expression of interest include a HUB subcontracting plan as set forth in section 5.

For school fiscal year 2020-21, the department shall calculate the foundation aid to be paid to each local system for such school fiscal year. The foundation aid for each local system shall equal The fall membership for the certification of state aid pursuant to section 79-1022 or The average daily membership for the final calculation of state aid pursuant to section 79-1065 for such local system multiplied by the ratio of five percent of the sum of the amounts certified divided by the statewide Fall membership for the certification of state aid pursuant to section 79-1022 or Average daily membership for the final calculation of state aid pursuant to section 79-1065. For school fiscal year 2021-22, the department shall calculate the foundation aid to be paid to each local system for such school fiscal year. The foundation aid for each local system shall equal The fall membership for the certification of state aid pursuant to section 79-1022 or The average daily membership for the final calculation of state aid pursuant to section 79-1065 for such local system multiplied by the ratio of ten percent of the sum of the amounts certified divided by the statewide Fall membership for the certification of state aid pursuant to section 79-1022 or Average daily membership for the final calculation of state aid pursuant to section 79-1065. For school fiscal year 2022-23 and each school fiscal year thereafter, the department shall calculate the foundation aid to be paid to each local system for such school fiscal year. The foundation aid for each local system shall equal The fall membership for the certification of state aid pursuant to section 79-1022 or The average daily membership for the final calculation of state aid pursuant to section 79-1065 for such local system multiplied by the ratio of ten percent of the sum of the amounts certified divided by the statewide Fall membership for the certification of state aid pursuant to section 79-1022 or Average daily membership for the final calculation of state aid pursuant to section 79-1065. If foundation aid calculated pursuant to the above for any local system is not equal to or greater than fifteen percent of the basic funding calculated for such local system for such school fiscal year, such foundation aid shall be increased to equal fifteen percent of such basic funding. Except for if provided otherwise, for school fiscal year 2021-22 and each school fiscal year thereafter, each school district's formula need shall equal the difference of the sum of the school district's basic funding, poverty allowance, limited English proficiency allowance, focus school and program allowance, summer school allowance, special receipts allowance, transportation allowance, elementary site allowance, distance education and telecommunications allowance, community achievement plan allowance, new community achievement plan adjustment, student growth adjustment, any positive student growth adjustment correction, and new school adjustment minus the sum of the limited English proficiency allowance correction, poverty allowance correction, and any negative student growth adjustment correction. For school fiscal year 2019-20 and 2020-21, net option funding shall be the product of the net number of option students multiplied by the statewide average basic funding per formula student. For school fiscal year 2021-22 and each school fiscal year thereafter, net option funding shall be the product of the net number of option students multiplied by the statewide average general fund property taxes per formula student. The statewide average general fund property taxes per formula student shall be calculated by dividing The aggregate receipts for all school districts for the most recently available complete data year from general fund property tax levies, the Property Tax Credit Cash Fund, homestead exemption reimbursements, and personal property tax exemption reimbursements by The aggregate formula students for all local systems for the school fiscal year for which aid is being calculated. On or before April 15, 2020, on or before November 15, 2020, and on or before November 15 of each year thereafter, the Tax Commissioner shall calculate and certify to the department the inflation rate and, beginning in 2020, the local formula contribution inflation rate for the immediately following school fiscal year. Except as provided otherwise, the inflation rate for each school fiscal year shall be calculated by Subtracting the cost index, as defined in section 79-1003, immediately preceding the most recent cost index from the most recent cost index and Dividing the difference by the cost index immediately preceding the most recent cost index. The most recent cost index for each school fiscal year is the most recent cost index available at the time of the certification pursuant to this subsection. If the inflation rate is greater than two and one-half percent, the inflation rate shall equal two and one-half percent. If the inflation rate is less than zero percent, the inflation rate shall equal zero percent. For school fiscal year 2023-24 and each school fiscal year thereafter, for both state aid certified pursuant to section 79-1022 and for the final calculation of state aid pursuant to section 79-1065, the local formula contribution for each local system shall equal the lesser of the local effort rate yield or the inflation rate yield.</p>

LB1218	Wayne	Monitor	Government, Military and Veterans Affairs 02/13/2020	In Committee 01/27/2020 Wayne Priority Bill	Adopt the Nebraska Historically Underutilized Business Program Act
--------	-------	---------	---	--	--

LB 1218 is the Nebraska Historically Underutilized Business Program Act. The purpose of the act is to promote full and equal business opportunities for all businesses in an effort to remedy disparity in state and local procurement and contracting.

Section 3 defines terms for the act.

Section 4 allows for businesses to become certified as an historically underutilized business (HUB) and retain that certification for five years, as long as the business' certification status does not change. The Department of Labor and Department of Transportation may conduct any necessary investigation to determine qualifications for the program. A business must complete an annual affidavit of certification and may recertify up to three times, for a maximum of fifteen years. The Department of Labor shall maintain a list of all businesses that have been certified and the nature of the business along with its capacity to perform the work.

Section 5 requires each constitutional office, state agency, and political subdivision to make a good faith effort to utilize HUBs in contracts for construction, services, and commodities purchases. The statewide HUB goals for the procurement categories are as follows:

? 10% for heavy construction other than building contracts; ? 20% for all building construction, including general contractors and operative builders contracts; ? 20% for all special trade construction contracts; ? 10% for professional services contracts ? 10% for all other services contracts; and ? 10% for commodities contracts.

Government entities shall establish their own specific HUB goals for each procurement category. At a minimum, the statewide HUB goals should be each government entity's starting point for establishing specific goals.

Section 6 sets forth priorities that, if there is an adequate number of qualified and certified HUBs, first priority shall be given to Tier 1 HUBs; and then Tier II HUBs, followed by Tier III HUBs. Any business receiving a sales and use tax incentive from this state shall receive an additional 1% of such sales and use tax incentive for utilizing a Tier I HUB. 0.5% for utilizing a Tier II or Tier III HUB. Total incentives awarded shall not exceed five million dollars for all businesses. Each government entity that considers entering into a contract with an expected value of one hundred thousand dollars or more over the life of the contract shall determine whether subcontracting opportunities are probable. If so, the government entity shall require that each bid, proposal, offer, or other applicable expression of interest include a HUB subcontracting plan as set forth in section 5.

Section 9 requires the Department of Labor to offer HUBs assistance and training regarding state procurement procedures. The position of coordinator must be at least equal to the position of procurement director.

Section 10 requires the Department of Labor to compile, in the most cost-efficient form, a directory of businesses certified as HUBs. The directory shall be updated and provide access electronically or in another acceptable form to each government entity.

Section 11 requires the Department of Labor to design a mentor-protégé program to foster long-term relationships between prime contractors and HUBs and to increase the ability of HUBs to contract with the state or to receive subcontracts under a state contract.

Section 15 allows the Director of Administrative Services to adopt and promulgate rules and regulations to administer the Nebraska Historically Underutilized Business Program Act.
